

We use **leading-edge Korean and Japanese technology** to create products that are at par with the best in the world. Our 10 year product warranty is yet another reflection of this quality confidence. Our specially designed, state-of-the-art FR grade ACPs are built to resist fire. Another example of our commitment to innovative products that address specific requirements.

Our strong emphasis on R & D and intrinsic quality control at every step ensure innovative products that are engineered to uphold our motto of **'always looks new'**.

Underscoring this perpetually strong saga of product quality, choice and performance are our state-of-the-art manufacturing plants and a laboratory equipped with modern analytical machines like DSC, AAS, FTIR that keep an eagle eye on uncompromising quality standards. Best practices are a norm at our ISO 9001 : 2008 & Indian Green Building Council certified plant. Seamless production efficiency and delivery timelines are ensured through our integrated SAP system.

**Coil Coating Integration. To Respond Faster** Having our own coil coating unit helps us control every aspect of the production process; and respond to the needs of architects, builders & designerstast.

Alstrong can turnaround with **custom created panel** within 10 days of brief. Radically shortening a process that takes others anywhere from 3-4 months. Once approved, we can start production immediately for the quantity thats required for the project. The design remains available for any future projects, in the specification and quantity that may be needed.
