FIRE RETARDANT

WATER PROOF

PAINTABLE

3D WALL

Think! Beyond POP.

Transform your interior and exterior with exciting range of decorative 3d wall panels by Woodtrek without blowing the budget.

3d wall panels add dimensions with true texture to your walls and decorative surface instead of just merely splashing it off with color.

3d wall panels have been used in a number of homes, business, commercial and retail projects.

our team also offer installation advise and product support.

Base material : Wood Polymer Composite.

Patterns can be oriented vertically or horizontally for greater flexibility.

Standard Dimensions 120cm x 240cm (Approx.)

SO EASY TO INSTALL!

1. Water proof, protect wall from dampness.
2. Smooth texture & ready to use.
3. Interior and exterior use.
4. Paintable.
5. Symmetrical accuracy.
6. Easy to clean.
7. Easy to install.
8. Eco friendly.
9. Surprisingly affordable
10. Durable and flexible.

Easy installation - raw panels.

Panels can be simply screwed to the wall; ensuring there is adequate support by drawing into wall studs. Screw holes can then be puttied, sanded and painted over.

Concealed installation - check for size

Screw 4-6 inches wide 6mm PVC celluka sheet strips in checkered framework of maximum 2ft x 2ft on to the wall.

Then paste the 3d panels on the framework using PVC solvent cement

Think!

Beyond GRC.

GRILLS (Fretwork) YOU MAY LOVE WITH...

Fretwork is a highly visible attractive feature which adds character to any architecture. For the first time, a company using innovative materials, allows Architects, Interior Decorators and Designers total freedom to create personalized and distinct environments that provide comfort-keeping of course, its creator's signature. Woodtrek Grill is a cost effective grill panel solution to all those situations where a screen is required to provide partial through light or ventilation. It is machined in 5 mm to 18 mm WPC boards. There is a wide variety of designs to choose from which have been created to blend in with any interior scheme, period or contemporary.

The Perfect Solution

Stable Product - will not crack, warp or split
